NATIVE AMERICAN ASSOCIATION.

Preamble and Constitution of the Native American Association of the United States.

Whereas it is an admitted fact that all Governments are not only capable, but bound by all the principles of national preservation, to govern their subjects by the agency of their own citizens; and whereas the republican form of Government to be an object of fear and dislike to the advocates of monarchy in Europe, and for that reason, if for none other, to preserve our institutions pure and unadulterated, we are imperatively called upon to administer our peculiar system free of all foreign influence and interference. By admitting the stranger indiscriminately to the exercise of those high attributes which constitute the rights of the native born American citizen, we weaken the attachment of the native, and gain aught but the sordid allegiance of the foreigner. The rights of the American, which he holds under the Constitution of the Republic, and exercised by him as the glorious prerogative of his birth, are calculated to stimulate to action, courage to strength, and cement in sentiment and patriotic sympathy.

Based then, the right and duty to confederate on these high truths, we profess no other object than the promotion of our native country in all the walks of private honor, public credit, and national independence; and therefore we maintain the right, in its most extended form, of the native born American, and he only, to exercise the various duties incident to the administration of the laws, executive, legislative, or ministerial, from the highest to the lowest post of the Government; and to obtain this great end, we shall advocate the entire repeal of the naturalization law by Congress. Aware that the Constitution forbids, and even if it did not, we have no wish to establish ex post facto laws; the action we seek with regard to the laws of naturalization, is intended to act in a prospective character. We shall advocate equal liberty to all who were born equally free; to be so born, constitutes, when connected with moral qualities, in our mind, the aristocracy of human nature. Acting under these generic principles, we further hold that, to be a permanent people, we must be a united one, bound together by sympathies, the result of a common political origin; and to be national, we must cherish the native American sentiment to the entire and radical exclusion of foreign opinions and doctrines introduced by foreign paupers and European political adventurers. From Kings our gallant forefathers won their liberties—the slaves of Kings shall not win them back again.

Religiously entertaining these sentiments, we as solemnly believe that the day has arrived, when the Americans should unite as brothers to sustain the strength and purity of their political institutions. We have reached that critical period foreseen and prophesied by some of the clear sighted apostles of freedom, when danger threatens from every ship that floats on the ocean to our shores; when every wind that blows wafts the ragged paupers to our cities, bearing in their own persons and characters the elements of degradation and disorder. To prevent these evils, we are now called upon to unite our energies. To fight over this great national revolution, the shadow of our last revolt of glory, will be the duty of the sons of those who, and we must go into the combat determined to win, by our country; to preserve her honor free from contagion, and her character, as a separate people, high and above the enmity of monarchical despotisms.

ARTICLES OF THE CONSTITUTION.

First. We bind ourselves to co-operate, by all lawful means, with our fellow native citizens in the United States to procure a repeal of the naturalization law.

Second. We will use all proper and reasonable exertions to exclude foreigners from enjoying the emoluments or honors of office, whether under the General or State Governments.

Third. That we will not hold him guiltless of his country's wrong who, having the power, shall place a foreigner in office while there is a competent native willing to accept.

Fourth. That we will not, in any form or manner, connect ourselves with the general or local politics of the country, nor aid, nor be the means of aiding, the cause of any politician or party whatsoever, but will exclusively advocate, stand to, and be a separate and independent party of native Americans, for the cause of the country, and upon the principles as set forth in the above preamble and these articles.

Fifth. That we will not, in any manner or whatever, connect ourselves, or be connected, with any religious sect or denomination; leaving every creed to its own strength, and every man untrammelled in his own faith; adhering, for ourselves, to the sole cause of the natives, the establishment of a national character, and the perpetuity of our institutions, through the means of our own countrymen.

Sixth. That this Association shall be connected with, and form a part of such other societies throughout the United States as may now or hereafter be established on the principles of our political creed.

Seventh. That this Association shall be styled the "Native American Association of the United States."

Eighth. That the officers shall consist of a President, Vice President, Council of Three, Corresponding Secretary, Recording Secretary, a Committee on Addresses to consist of three members, a Treasurer, and such others as may be required under any by-laws hereafter adopted, and whose duties shall be therein defined.

Ninth. That all the foregoing officers shall be elected by this meeting, to serve for one year, except the Committee on Addresses, which shall be appointed by the President.

Tenth. That the President, or, in his absence, the Vice President, or, in the absence of both, the Corresponding Secretary, is authorized to convene a meeting of this Association whenever it may be deemed necessary.

CAUTION.

WE are called on to caution the public, the Druggists in particular, against purchasing from any traveler under whatever pretences they may be offered, any of DR. EVANS' INVALUABLE MEDICINES.

As their unprecedented success in the cure of Consumption, Dyspepsia, Liver Complaint, Indigestion, Costiveness, Loss of Appetite, Puffing of the Heart, Pain in the Head, Breast, Back and Limbs, Dizziness, Restlessness, and all diseases originating in the Stomach, Liver, Lungs, and the associated organs, &c., has caused a reckless impostor, who it is ascertained, has been travelling through Pennsylvania, Maryland, Virginia, &c., to counterfeit and vend a deleterious imitation of EVANS' CAMOMILE AND APERIENT PILLS; and another impostor has introduced into Pennsylvania, &c., a spurious article, purporting to be PARIS' SOOTHING SYRUP for children when cutting their teeth—both of which are deleterious counterfeits. Therefore, in order to protect the public against the inroads of such impostors, and to secure them the benefit which their Genuine Medicines never fail in bestowing, we have caused the label of EVANS' CAMOMILE & PILLS, to be entered according to an act of Congress.

A notice of which, entry is printed on the labels on every bottle of the Genuine Pills, and he has caused the name of Dr. J. L. Paris to be struck out of the label of his celebrated Soothing Syrup for children when cutting their teeth, so that the label of the genuine syrup reads DR. W. EVANS' SOOTHING SYRUP. It is an infallible remedy for the pain and sickness to which children are subject when cutting teeth, tested and approved by thousands of mothers and nurses, who have by its early application, not only prevented their children from suffering excruciating pain but in many instances rescued them from death.

Be particular in examining the labels, and also in knowing that Dr. Evans never vends any of his medicines save through the medium of his resident agents, as advertised throughout the Union, or at the Western Office, Louisville, Ky., and his principal office 100 Chatham Street, New York, where wholesale orders will be promptly executed on the most liberal terms.

The public may rest assured that in every instance that comes within the knowledge of Dr. Evans, or any of his agents, where the Counterfeit Medicines are purchased or vended, he will give them the earliest public notice of the imposition. Already have proceedings both civil and criminal been instituted against several Druggists who have been detected, and their names will be laid before the public at an early date. THE BEST PROTECTION he can offer for the present is, to caution purchasers to obtain his Medicines from the

DR. GOODE'S CELEBRATED FEMALE PILLS.

These Pills are strongly recommended to the notice of the Ladies as a safe and efficient remedy in removing those complaints peculiar to their sex, from want of exercise, or general debility of the system, obstructions, suppers, and irregularity of the menses; at the same time, strengthening, cleansing, and giving tone to the stomach and bowels, and producing a new and healthy action throughout the system generally. They create appetite, remove indigestion, remove acidity and nervous headache, and are eminently useful in those complaints which distress females so much at the "turn of life." They obviate costiveness, and counteract all hysterical and nervous affections, likewise afford soothing and permanent relief in fluor albus, and in the most obstinate cases of chlorosis, or green sickness, they invariably restore the pallid and delicate female to health and vigor.

These pills have gained the sanction and approbation of the most eminent physicians in the United States, and many mothers can likewise testify to their extraordinary efficacy. To married females, whose expectations of the tenderest pledges of conjugal happiness have been disappointed, these Pills may be truly esteemed a blissful boon. They soon remove all functional debility, and if taken according to directions, obviate all morbid action.

Dr. Goode's CELEBRATED FEMALE PILLS—are for all the following diseases: Suppression, irregularity or retention of the menses, fluor albus, chlorosis or green sickness, costiveness, gravel, continuance of urine, nervous actions, hysterics, prolapsus uteri, or falling of the womb, and piles; also, pains in the side, chest, limbs, head, stomach or back; dizziness, or confusion of sight; alternate flushes of heat and chilliness; tremors; watchings; agitation; anxiety; bad dreams, and spasms. This medicine is acknowledged to be one of the most valuable ever discovered as a purifier of the blood and fluids; it is superior to sarsaparilla, whether as a sudorific or alterative.

INTERESTING AND APPLICABLE TO THE AFFLICTED, WITH DISEASES OF THE STOMACH, OR NERVES, such as Dyspepsia either Chronic or Casual, under the worst symptoms of Restlessness; Loss of Spirits and general enervation; Consumption; Lowness of the Lungs or Liver; Liver Affections; Jaundice, both Bilious and Spasmodic; Catarrhs; Weakness of every variety; Rheumatism, whether Acute or Chronic, together with Gout, Sciatica, Pains in the Head, Back, Limbs, and Side; Typhus Fever, Scarlet Fever, Putrid Sore Throat, Fever and Ague, Spasmodic Palpitation of the Heart and Arteries, Nervous Irritability, Nervous Weakness, Hysterics, Tic Douloureux, Cramps, Female Obstructions, Heartburn, Headache, Cough, the Common or Humid, and the Dry or the Whooping; Asthma, Gravel, and Drops.

The Blood has hitherto been considered by Empiricks and others, as the great regulator of the human system, and such is the devotedness of the adherents to that erroneous doctrine, that they content themselves with the simple suppression of this fallacious opinion, without enquiring into the primary sources from whence Life, Health and Vigor emanate, and vice versa, pain, sickness, disease and death. Not so with Dr. Hunt, whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most useful members. He contends—and a moment's reflection will convince any reasoning mind—of the correlative organs are the primary and great regulators of health, and that the blood in very many instances is dependent on these organs, and that unless medicine reaches THE ROOT OF THE DISEASE, the superficial and only prescribed, serve but as foils to cover the ravages of deeprooted maladies. Under these convictions, at the expense of years of close application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing it, it is with knowledge of its being a radical cure, in the various diseases already enumerated, even if applied in the most critical cases, but he does not pretend to ascribe to HUNT'S BOTANIC PILLS a supernatural agency, although from positive proofs within the knowledge of hundreds, he is prepared to show, that when every other earthly remedy has been given up, HUNT'S BOTANIC PILLS have never been known to fail in effecting two very gratifying results, that of raising from the bed of sickness, and disease those who have tested their efficacy, and thus amply rewarding Dr. Hunt for his long and anxious study to attain this perfection in the healing art.

BOWEL COMPLAINTS CURED—Jayne's Carminative Balsam is a certain, safe, and effectual remedy for dysentery, diarrhoea, or loose stools, cholera morbus, indigestion, colic, griping pains, sour stomach flatulency, &c., &c., and all spasmodic and nervous diseases, as sick and nervous headache, hysteria, cramp &c., &c.

From Dr. M. L. Knapp, late physician to the Baltimore Dispensary, and agent for the Maryland Vaccine Institution. BALTIMORE, MARCH 27, 1833.

DR. JAYNE: Dear Sir: You ask me what proof I meet with of the efficacy of your medicine. I can safely say that I never prescribed a medicine for bowel complaints that has given me so much satisfaction, and my patients so speedily and perfectly relieved. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called to again and again, which I think a pretty good proof of its efficacy and usefulness. In the summer complaints of children it has frequently appeared to snatch the little victims, as it were, from the grave. "I saved the life of my child, and of such such a child," I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, in a few minutes. In fine it is a valuable medicine, and no family should be without it. Respectfully,
M. L. KNAPP, M. D.

From Dr. Wm. Steeling, Physician to the Cumberland, N. J. Alms-house.
BRIDGE-TOWN, JULY 19, 1836.

This may certify that I have used Dr. Jayne's Carminative Balsam very extensively in bowel complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with for the relief of those diseases.
WILLIAM STEELING, M. D.

From Johnathan Going, D. D. late of New York, President of Granville College, Ohio.
NEW YORK, MAY 20, 1837.

DR. D. JAYNE: DEAR SIR: Having made use of your Carminative Balsam in my family, and finding it to be admirably adapted to the complaints for which it is intended, I take pleasure in recommending it to the use of my friends and the Public generally, believing those who are afflicted with any of these complaints will find relief in the use of this valuable medicine.
JONATHAN GOING.

From the Rev. H. K. Greene, Professor in the German town Collegiate Institute.
GERMANTOWN, APRIL 30, 1838.

DR. JAYNE: My Dear Sir: It gives me pleasure to communicate in this manner, my favorable opinion of your Carminative Balsam. For two years it has been in almost constant use in my family. It was thus introduced: A child of five years old had been sick some five or six days with the dysentery. Calomel and other medicines had been largely administered, but without the least apparent benefit. The peculiar discharges from the bowels were unchanged in both character and frequency; the strength of the little patient could not hold out much longer. At this juncture, I was reminded by a friend of your Balsam. After a portion of castor oil, it was administered several times through the night. In the morning, the physician found the discharges essentially changed; the disease was checked, and removed; all other medicines were discontinued, and the child was soon restored to usual health. We have ever since kept this invaluable medicine on hand, and for both adults and children have found it uniformly efficacious. We readily pronounce it the best adapted to family use of all the preparations with which we are acquainted. Hoping that the public will soon become universally acquainted with this medicine,
I remain yours,
H. K. GREEN.

CONSUMPTION!

DR. RELF'S ASTHMATIC PILL'S have, from their extraordinary success in giving instant relief, and in curing Coughs, Croup, Asthma, Difficulty of Breathing, Wheezing, Tightness of the Chest, Pain in the Side, Spitting of Blood, Chills, and Shiverings that precede Fevers and Lung Complaints generally, become one of the most popular Medicines known, and are sought after from every part of the country, on account of the astonishing success which has attended their administration in the above complaints, frequently curing the most obstinate cases and giving the most unexpected relief, after every other remedy has failed, and persons have given themselves up in despair of a cure!

They have been known to cure persons supposed to be far gone in consumption, and exhibiting all the appearance of approaching dissolution.

And such have been the salutary effects of these Pills, even in hopeless cases, as so far to mitigate the sufferings of the patient, as evidently to prolong life for days and weeks, and give to it a positive comfort they never expected to enjoy.

The operation of the pills in easing respiration, quieting the cough, and procuring comfortable rest.

Common colds are frequently removed in a few hours.

"Although (says a person speaking of these Pills) my wife has tried various medicines of the first celebrity, for an Asthmatic difficulty, (or affection of the lungs,) which at times was exceedingly distressing, confining her to her house for days and weeks together, she finds nothing gives her the relief which Relf's Asthmatic Pills do!"

"Easing her respiration, quieting her cough, and giving her comfortable rest." And this is the testimony of hundreds of thousands. The relief which aged people, as well as others, experience from the use of these Pills, is truly astonishing, and renders them invaluable to many, and are, in fact, to some, an essential auxiliary to their comfort, and almost to their existence!

A Physician informs the Proprietor, that a gentleman in the country observed to him, he had reason to believe the use of these Pills had been the means of saving his life.
